The purpose of the Social Event Guidelines is to support students as they sponsor events, encourage the development of leadership skills when planning and hosting events, and help create a safe social environment for the University and surrounding community.

****PLEASE READ & UNDERSTAND THESE GUIDELINES****

Student organizations that wish to sponsor an event must comply with these Guidelines and all relevant University policies (<https://www.ua.edu/about/policies/>), including, but not limited to, UA’s Drug-Free Campus and Workplace Policy, the Alcohol & Other Drug Policy for Students, Hazing Policy, Sexual Misconduct Policy, and Code of Student Conduct. Student groups should also comply with appropriate local, state, and federal laws as well as fire and police department rules and directives. Additionally, student groups should strictly follow any inter/national or local policies associated with their specific organization or governing bodies, including, among others, risk management and alcohol policies.

Any potential violation of these Social Event Guidelines should be promptly reported to the Office of Student Conduct, where it will be addressed pursuant to the Code of Student Conduct.

Any individual student and any student group or organization that violates any of the provisions in the Social Event Guidelines or policies governing student conduct shall be subject to all of the disciplinary provisions of the Code of Student Conduct and, depending on the violation, may also be personally subject to separate criminal and/or civil liability.

In addition to any disciplinary action by The University of Alabama (hereinafter “the University” or “UA”), student groups, or organizations that are member organizations of either local or inter/national groups governed by inter/national organizations may also be subject to disciplinary action by those local or inter/national councils or groups for violations of these Guidelines.

II. REGISTRATION OF ON-CAMPUS EVENTS

A. Conditions Requiring Registration

1. Events to be registered with the Office of Student Involvement through the online event registration form include, but are not limited to, the following:
 - (a) Events featuring live or recorded musical entertainment or amplified sound, including, but not limited to, band parties;
 - (b) Events defined as swaps, as well as formals, theme parties, step performances, philanthropies, and other events as specified;
 - (c) Events involving 50 or more attendees in addition to the student organization’s members;
 - (d) Events utilizing any outdoor campus property;
 - (e) Events creating potential traffic congestion;
 - (f) Events presenting a potential health or safety hazard;
 - (g) Events providing food to 50 or more members or guests; and
 - (h) Events involving sales, fundraising, and/or the value exchange of items or services.
2. Student organizations are limited to hosting a total maximum of fifteen (15) on campus social events with alcohol during each academic semester (i.e., fall and spring semester).
3. The University reserves the right to limit the number of events requiring the assistance of the University of Alabama Police Department (UAPD) or approved security personnel contracted by a student organization for an event approved by the Office of Student Involvement based on the number of events scheduled at any given time. In addition, UAPD reserves the right to disallow any security personnel or vendor from operating on campus at its sole discretion.
4. An organization required to contract a private security vendor for an event must do so in compliance with the Office of Risk Management’s Security Vendor Program.
5. Registration with the Office of Student Involvement of a social event is the sole responsibility of the student organization(s) sponsoring the event.
6. For policies pertaining to events that do not qualify as “social events” by the definition outlined in this document, please refer to the Student Organization Handbook (thesource.ua.edu). Additionally, other University policies and procedures may apply to the scheduling and/or approval of social events (e.g. Facilities & Grounds Use Policy, etc.).
7. Any events held in, on, or around University residence hall(s), grounds, apartments, small group housing, or University contracted housing must seek additional approval from the

Executive Director or Director of Housing and Residential Communities (HRC) at least ten (10) University business days in advance of the event.

B. Registration Process

All social events must be registered through the Office of Student Involvement online event registration form, at least **seven (7) University business days prior to the date the event is scheduled to take place**. Events will be considered on a first come first serve basis.

1. **Events registered less than seven (7) University business days prior to the scheduled event date may not be approved, regardless of the amount of money the group has already invested in the event.** Any event that is registered late is not guaranteed to be approved and, absent extraordinary circumstances, no event submitted less than three (3) University business days before the scheduled event day will be approved. If an event registered less than seven (7) University business days before the event date is approved to move forward, the following fine structure will apply:

First late event registration within an academic year (fall/spring semester)	No fine
Second late event registration within an academic year	\$2 fine per member (e.g., a group with 50 members will owe a \$100 fine / \$2 x 50 members)
Third late event registration within an academic year	\$3 fine per member
Fourth late event registration within an academic year	\$4 fine per member
Fifth late event registration within an academic year	The event will not be allowed to go forward unless the Dean of Students or designee, in their sole discretion, determines mitigating circumstances occurred. If an event is allowed to proceed, there will be a \$5 fine per member .

- (a) If an organization is approved to host an event registered less than seven (7) University business days, then, in addition to paying applicable fines prior to the scheduled event, the organization may be required to meet with a representative from the Office of Student Involvement to discuss how to prevent future late registrations.
 - (b) Any organization found responsible for hosting an unregistered event will be referred to the Office of Student Conduct, where it will potentially be subject to sanctions.
2. **For safety and security reasons, the University may, in its sole discretion, limit the number of registered events allowed to take place at one time on campus. In instances where multiple events are registered and the University deems it necessary to limit the number of registered events for a given time, appropriate events will be allowed to go forward in the order they were registered. Stated differently, the University will begin with the last event registered and begin denying events in reverse chronological order until the proper number of events is reached. In order to reduce the likelihood of having an event denied, organizations should register events with as much notice as possible.**
3. The University also reserves the right to shut down or otherwise regulate any registered event if, based on information available at the time, University officials, using their discretion, feel that the event is being conducted in a manner inconsistent with the way in which it was registered and/or if a safety or security concern reasonably exists. If a group

is found to be operating an event in a manner inconsistent with the way the event was registered, the group (and possibly individual members) will be referred to the Office of Student Conduct.

4. Social events with an estimated attendance of 50 guests in addition to the student organization's membership will be subject to a \$125 registration fee. The assessment of the registration fee will be determined by the University based on resources, support, and/or additional needs as determined by the University. If alcohol will be present at the event, the organization must pay an additional \$50 alcohol fee for each event.
5. Student organizations must submit fees (and any applicable fines) associated with their event in full by noon on the business day before the scheduled event date. Fees will only be accepted if submitted to the Office of Student Involvement, 3610 Ferguson Center, in the form of a check addressed to the University of Alabama. Failure to submit any outstanding fee balance may result in the cancelation of the associated event.
6. Events are reviewed by multiple, relevant UA departments before official approval is provided to the organization. Because many departments and functional areas are involved in the registration and approval of events on campus, there are additional University of Alabama policies not summarized in this document that may impact the approval timeline and content of on-campus events. Student organizations are encouraged to submit events as soon as possible and remain flexible through the event planning process to ensure that all University of Alabama policies are followed and respected.
7. All organizations holding events on campus, including, but not limited to those that lease and/or own property on the University of Alabama campus, are required to have health and safety inspections prior to approval for each registered social event. Following receipt of a properly submitted online event registration form, appropriate inspections of the facility will occur focused on health and safety. For instance, the Office of Environmental Health and Safety (EHS) personnel will conduct a safety inspection of the premises where appropriate. Organizations will be given time to rectify any violations, but final approval to move forward with the event will only occur after the location has successfully passed inspection. Organizations should contact EHS at 205-348-5905 to schedule health and safety inspections (ehs.ua.edu).

¹ Any events registered to take place before 5:00 p.m. on Honors Day must be educational in nature and/or for the purpose of celebrating academic achievement in connection with Honors Day activities.

etc.)² and/or beer and malt beverages that are produced containing a combination of caffeine and alcohol are only allowed at a registered event if served to individuals of a legal age by a licensed and insured third party vendor in compliance with all UA policies and local, state, and federal laws related to the sale or distribution of alcohol.

A process should be put in place to confirm the age of every event attendee before their entrance into the event (e.g., check the government issued drivers license or ID of each attendee as they enter). Each group must use **both** of the following procedures for identifying those under and over 21 years of age as they enter the event. Individuals who are **under 21** years of age must have a large, black “X” written on the back of both hands with non-water solvent ink (i.e., a permanent marker) as they enter the event. Individuals who are **over 21** years of age may receive a wristband upon entrance to the party. The wristband must be placed in such a manner that it cannot be easily removed or transferred to another individual.
4. For the duration of a social event, post contact information for available transportation from the event near the event’s main exit. Such information should also be provided to any attendee who requests transportation
5. Social events at which alcoholic beverages will be present shall be sponsored, hosted or held on a “bring your own beverage” (BYOB) basis. Organizations wishing to make alcohol below 15% ABV available to members and guests who are of legal drinking age may do so by hiring a licensed, third-party alcohol vendor to operate a cash only bar. Common sources are prohibited at social events.
6. Alcoholic beverages may be brought to an approved BYOB social event by a member or guest for personal consumption, as long as access is restricted (e.g. ticket check system or locked cooler). All BYOB events must be in compliance with FIPG (Fraternal Information and Programing Group) BYOB polices, including but not limited to, a guest may only bring a maximum of six (6) twelve (12) ounce cans/plastic bottles of beer/wine coolers/malt beverages.

8. The use of glass containers (e.g., bottles, glasses, etc.) during social events is prohibited.
9. No alcoholic beverages may be purchased through or with social/fraternal organization chapter funds nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter.
10. No member or pledge, associate/new member or novice shall permit, tolerate, encourage or participate in “drinking games.” The definition of drinking games includes but is not limited to the consumption of shots of alcohol, liquor or alcoholic beverages, the practice of consuming shots equating to one’s age, “beer pong,” “century club,” “dares” or any other activity involving the consumption of alcohol which involves duress or encouragement related to the consumption of alcohol.
11. No organizational or philanthropic fund-raising event will be approved if alcohol is

² The ABV of most alcoholic beverages is located on the bottle or can. The ABV of liquor can generally be calculated by dividing the proof of the bottle by two. For example, alcohol that is labeled as “80 Proof” has an ABV of 40%.

present. Any event that has an admission charge will be deemed fund-raising and require additional security. The organization is responsible for the expense of the additional security.

12. **All recruitment, rush or membership intake activities associated with any organization will be non-alcoholic.**

C. Guests/Attendees

1. Social events sponsored by student organizations must be limited to members and invited guests with a valid driver's license or government issued ID demonstrating that they are 18-years of age or older. **Individuals attending high school or younger, regardless of age, are not permitted at registered social events with alcohol unless accompanied by a parent or legal guardian.**
2. Open parties are expressly prohibited. An "open party" shall mean the sponsoring organization fails to control who enters and participates in the event and/or does not have a reliable method to check IDs, maintain and enforce a invitation list, or limit access by non-members.
3. Groups are encouraged to develop an alphabetized invitation list for use by security personnel and the responsible contacts to manage access to the event. The number of individuals on the invitation list should not exceed the approved capacity, the number of attendees reported during the event's registration, or any guest or invitation limitations of your groups inter/national governing organization. A template for an event invitation list is available on The Source's website.
4. A sign shall be conspicuously displayed at the event entrance indicating the event is restricted to members and their invited guests, stating the ending time of the event, and that no glass bottles are allowed.
5. Unless first approved in writing by a representative of the Office of Student Involvement, any form of public advertising on-campus, off-campus, or online (e.g., social media, etc.) to encourage attendance at social events is strictly prohibited. This includes the websites and social media pages of any invited performers, musical acts, or contracted vendors.
6. Any individual who reasonably appears overly intoxicated upon arrival should not be allowed to enter the event. Any event attendee who reasonably appears overly intoxicated at any time during the event should be appropriately removed from the event immediately. Anyone that reasonably appears overly intoxicated should, if needed, be provided with access to medical attention or other appropriate assistance. **If an individual is non-responsive or there is any alcohol or substance abuse related health concern, a call should be placed to UAPD at 205-348-5454 immediately. Organizations are responsible for the safety and actions of all event attendees.** Organizations are encouraged to utilize The University of Alabama's Medical Emergency Assistance Policy for any student in need of medical assistance.
7. Organizations must take appropriate measures to ensure that the crowd at their event, both inside and outside of the house or facility, does not exceed the occupancy limit(s) outlined for the space that are set by EHS or other appropriate officials. Organizations should work with EHS to determine maximum capacity for each event based on the scope of the event, event setup, and the locations at which the event will take place. **Organizations must develop a plan with hired security to prevent attendance at the event from exceeding maximum occupancy for the designated space.**
8. For safety reasons, no organization may host an event that exceeds the maximum fire code

capacity for the house or facility at any given time (i.e., if the party reaches this maximum capacity, the entrance must be closed and new attendees are not allowed to enter until the corresponding number of attendees exit the event). Assuming it falls below the established occupancy limits and does not conflict with a groups inter/national requirements, the standard maximum capacity for any event will be five hundred (500) people. EHS may assess and potentially provide a greater maximum capacity numbers for a specific house or facility based on the setup of the event. EHS will retain ultimate discretion on the absolute maximum capacity of any event based on established occupancy limits and other relevant factors.

D. Event Management & Security

1. Any organization hosting an event at which alcohol will be present must provide security for that event. Depending on the nature of the event and the estimated crowd, security may or may not be required for events without alcohol. Such a determination shall be made by EHS, in consultation with other University partners.
2. For all events requiring security under these Guidelines, organizations are required to use a security vendor registered with the University Security Vendor Program, which have represented they meet all statutory requirements set forth in ALA. CODE § 34-27C-1 et seq. Additional information on the University's Security Vendor Program is available at <http://riskmanagement.ua.edu/security/>.
3. The number of security personnel required for an event will be determined by the following:
 - (a) A minimum of two (2) security officers are required for any event.
 - (b) At least two (2) security officers must monitor the event's main entrance/exit at all times and at least one (1) security officer must be stationed at every exit for the duration of the event.
 - (c) In addition to the security officers monitoring the entrance/exits, an additional two (2) security officers for every 100 attendees must be present and patrolling the event, which includes, but is not limited to monitoring access to any residential space in the facility.
Example: 400 attendees at event with 1 entrance and 2 exits = 12 security officers (2 at main entrance, plus 1 at each of the exits, plus 8 to patrol the event).
4. Organizations are responsible for maintaining control of attendees at their events, including identifying and eliminating high-risk behaviors. Appropriate emergency contact information must be easily available and highly visible at the event.
5. Organizations should notify UAPD at 205-348-5454 of potential problems and/or legal violations, which includes any of the following:
 - (a) Uninvited guests who are creating issues;
 - (b) A violation or suspected violation of the law;
 - (c) Deployment of force (e.g., physical, pepper spray, etc.);

 - (e) Violation of any applicable University policy or procedure;
 - (f) Discharge of a fire extinguisher;
 - (g) Number of attendees at the event exceeds fire code occupancy limits, on-campus housing occupancy limits, or the estimated number of attendees identified in the organizations event registration (whichever number is smaller); or
 - (h) Life-safety device (e.g., fire alarm, smoke detectors, emergency exit lights, etc.) is damaged or disabled.

6. Security personnel are prohibited from carrying firearms or any potentially lethal weapon.
7. Security personnel must be present at least one (1) hour prior to an event and one (1) hour after an event concludes. Security personnel should provide assistance to the organization to ensure that crowds disperse no later than 30 minutes after the event ends.
8. An organization sponsoring an event must originally designate three (3) responsible contacts for the event, at least one of whom must be an officer. If the event is expected to have over 200 attendees at any given time, the sponsoring organization must designate one (1) additional responsible contact for each 100 attendees to the nearest 100 beyond 200 (Example: An event with 350 attendees requires five (5) responsible contacts – 3 original + 2 for additional attendees).
9. At least one (1) responsible contact, but preferably two (2), will be stationed at the event's main entrance for the event's duration to assist the security personnel with managing the proper entering/exiting of attendees (e.g., capacity control, ID checks, monitoring invitation list, etc.).
10. Student organizations and their assigned responsible contacts should meet with the security personnel who will attend the event immediately prior to the event to go over the additional expectations for the event. Any specific instructions or information the student group provides to security personnel must conform to University policy as well as the rules, by-laws and requirements of their inter/national organization(s).

1. Construction
 - (a) Any construction for social events must be approved by EHS and the Office of Risk Management through the online event registration form and must be in compliance with these Social Event Guidelines.

This paragraph applies to the removal of all materials involved in party decoration construction (e.g., lumber, flags, front yard fences/tarps, etc.). Failure to comply may result in the organization being referred to the Office of Student Conduct for possible sanctions and/or fines.
 - (f) No sand, dirt, mulch, or similar product may be placed as decoration for an event. Organizations wishing to permanently install fixtures utilizing these materials must go through the Project Initiation Request (PIR) process.

- (d) Exits that are locked to keep unauthorized guests from entering the facility must be able to be opened from the inside in one turn or push against a panic bar in the event of an emergency. Doors or entrances that are padlocked or double-locked will be considered a violation of the fire code and events will be immediately shut down.
- (e) In the event there is a residential area within the house or facility, access to that portion of the building shall be off limits to anyone but the actual residents.

F. Structures, Inflatables, and Amusement Devices

1. Inflatables and amusement devices are prohibited at all registered social events.
2. Structures are prohibited at all registered social events. However, in some limited situations, a structure may be allowed if:
 - (a) The structure is a tiki hut, bar, bar table, or canopy that has been purchased from and installed by an appropriate dealer or rental agency, or, alternatively, constructed by a licensed/bonded/insured contractor;
 - (b) The structure is a stage that will be used only for the band/DJ and it is installed by an appropriate dealer or rental agency;
 - (c) The structure is a stage constructed by a licensed/bonded/insured contractor, but moved from the organization's house and placed on stable and level ground may also be permitted.
3. Under certain circumstances, the University may entertain the possibility of a permanent structure such as a stage or deck at a house where the organization has exclusive use of the property. All requests for consideration of a permanent structure at on-campus social/fraternal student organization housing should be coordinated with the submission of a Project Initiation Request submitted to the Office of Fraternity and Sorority Life.
4. The student organization shall assume all of the expenses and liability arising from, relating to, and connected with the design services, materials, contract labor, building permits, inspection, personal or property damage connected with the structure, use, materials disposal or any other costs or expenses related to or arising from the design, construction and removal of any approved permanent structures or temporary stages, tiki huts, or bar tables, as allowed herein.
5. Structures must only be utilized for their original purpose and in condition found at the time of approval. Structures should also not be moved to an alternate location after the organization's health and safety check, as that could have an impact on space and guest

capacity.

IV. SWAPS

In addition to the University's requirements for social events, the following also apply to any social event registered as a "swap" with the Office of Student Involvement through the online event registration form:

- A. Both participating student organizations must sign a Swap Contract and submit it through the online event registration form.
 - 1. No proxy signatures are permitted on Swap Contracts or any other form of documentation required for the online event registration process. Students must sign any and all documents themselves. If signatures are deemed to be forged, the document will be rejected and the associated event may be canceled. Further, the involved organizations and/or students may be referred to the Office of Student Conduct.
- B. No alcohol of any kind is permitted at new member/pledge swaps.
- C. No event shall be vulgar or offensive in theme.
- D. Prior to participating in a swap, each of the participating organizations is strongly encouraged to hold an appropriate training for all members on hazing and sexual misconduct, which should include, among other things, an overview of prohibited conduct, direction to the University's policies and websites related to hazing and sexual misconduct, information about reporting hazing and sexual misconduct, and information about resources available to those affected by hazing or sexual misconduct.
- E. There shall be no inappropriate conduct that violates the law or University policies before, during, or after the swap, including hazing or sexual misconduct as those terms are defined in the University's Code of Student Conduct, Sexual Misconduct Policy, and Hazing Policy. Such inappropriate conduct may subject the individual(s) and/or organizations taking part in the conduct, as well as any individuals that allow or direct the conduct, **to criminal and/or civil liability along with significant Code of Student Conduct sanctions.**
- F. Any swap participant or attendee who appears overly intoxicated upon arrival or at any time during the event should be removed from the event immediately and, if needed, provided with access to medical attention or other appropriate assistance. **If an individual is non-responsive or there is any alcohol or substance abuse related health concern, a call should be placed to UAPD at 205-348-5454 immediately.** Organizations are responsible for the safety and actions of all guests upon entry to an event. Organizations are encouraged to utilize the The University of Alabama's Medical Emergency Assistance Policy for any student in need of medical assistance.
- G. At least three (3) responsible contacts from each organization must attend each swap and remain sober while monitoring the behavior of the swap event attendees to ensure that a safe environment is maintained and the requirements set forth herein are followed.
 - 1. For New Member/Pledge Swaps, the three (3) responsible contacts must be officers.
- H. If a swap participant feels their rights have been violated in any way, they should contact UAPD (205-348-5454), the University's Title IX coordinator (205-348-5496), and/or other appropriate University officials as identified on the University's website (<https://titleix.ua.edu/reporting/> or www.ua.edu/uact/). Each participating organization must make its members and new members/pledges aware of their reporting rights and available reporting options prior to the start of the swap by, among other things, forwarding a copy of the fully executed Swap Contract to its existing members and pledges. Retaliation against someone reporting a potential violation of the

law or University policy is strictly prohibited and may subject the retaliator to Code of Student Conduct sanctions as well as civil and/or criminal liability.

- I. If it is found that a violation of law or University policy occurred at the swap, any student who committed the violation, directed the violation to occur, did not make a good faith effort to prevent the violation, or, if unable to prevent it, failed to properly report the violation may be found in violation of the Code of Student Conduct and, depending on the violation, risks potential criminal/civil liability. The groups hosting the swap may also be found responsible for violating the Code of Student Conduct.
 - J. **An organization or its members that refuses to swap, or threatens to socially boycott another organization due to an organization pursuing opportunities available to all student, such as Student Organization Seating, or being open to membership consisting of different races, colors, religions, national origins, sexes (including sexual orientation, gender identity, and gender expression), ages, veterans statuses, or disability, may be referred to the Office of Student Conduct for potential sanctions.**
